

## R<sup>3</sup> NORDIC, CTCB-I OCH CHALMERS INVITE TO

# Cleanroom Testing & Certification

## 11-13 Oktober 2022

### Installationsteknik, Chalmers, Göteborg

*The course material is intended for self-study prior to attending the lectures.*

*The content of the course material, written in English, forms the basis for the lectures.*

*The course material will be delivered after payment of a registration fee, at latest one month before the start of the course.*

*Candidates can apply for either of two levels of certification; Professional or Associate. As proof of the certification, a diploma will be issued to each participant who completes the course and passes the examination.*

#### ASSOCIATE LEVEL

For people who are either familiar with some aspects of cleanroom testing, and wish to gain knowledge about the subject (purchasers and evaluators of clean room testing), or have been working less than two years as a cleanroom tester, but wish to use the certification course as a basis of training and working towards professional status. If you apply for the associate course, and have suitable qualifications, you will be required to:

- study the self-study course material that will be sent to you, attend a lecture course, and then pass a written examination on cleanroom testing
- attend a demonstration exercise on practical aspects of cleanroom testing.

#### PROFESSIONAL LEVEL

For people whose profession is cleanroom testing, and who routinely carries out all aspects of cleanroom testing. At the time of their exam they should have a minimum of two years' experience. If you apply for, and have suitable qualifications, you will be required to:

- study the self-study course material that will be sent to you, attend a lecture course, and then pass a written examination on cleanroom testing
- Complete a particle counting exercise.
- pass a practical exam by showing a high level of competence in (a) filter integrity testing and (b) measuring air velocities and volumes and write adequate reports

*Note that certificates on Professional Level are valid for five years. Recertification is required to maintain certification on Professional Level beyond five years.*
