

# R<sup>3</sup> Nordic Symposium 2024

Kløfta, Oslo

## Save the date: 22nd – 23rd of October 2024

In 2024 the Nordic R<sup>3</sup>-Society will host the annual symposium in Norway! The event will be held at [Lily Country Club](#), Kløfta – only 10 minutes away from Oslo airport.

Skilled lecturers and exhibitors from all the Nordic countries are invited. The topics will be about cleanrooms in hospitals, laboratories, pharmacies and industrial. If you are working with engineering or building of cleanrooms, or work in or with cleanrooms within pharma, electronics, industrial or hospitals, this symposium will be of interest to you and your company. Both within the ISO class cleanrooms and the Annex1 EU GMP cleanrooms. The symposium is of interdisciplinary interest, and an important arena for meeting and exchanging valuable experiences and networking.

Exhibitors within these sectors are welcomed to participate with rollup or stand to network, show off their products/services and be visible within the market.

Closer information will soon follow with prices and information about registration. Register your interest or ask any questions to [r3nordic.no@gmail.com](mailto:r3nordic.no@gmail.com). Follow the R<sup>3</sup> society webpage for more information: [R3 Nordic Home Page](#)

R<sup>3</sup> Nordic is an ideal organization which main tasks are to spread information and knowledge within clean techniques and cleanroom through education and teaching. Feel free to share information about the symposium with your colleagues, customers or other business associates who might benefit from it.

We'll see you at Lily Country Club!
